

# Association of West Midland Motor Clubs

## Heart of England Rally Championship 2018

(Subject to MSA Permit)

Supported by DMack Tyres & Steve Blackham Motorsport

After a very successful 2017 the AWMCC Heart of England Rally Championship returns again in 2018 with the sole intention to provide competitors with the best Regional championship to compete in. In particular the qualifying rounds in the calendar have been chosen to include the best and most popular events throughout the Associations region, organised by our affiliated Clubs. The first of the 8 round Championship is the highly successful Brean Stages and by registering for the Championship on this event it will give you the best possible start towards a good result by the end of the year. Brean is followed by the AGBO Stages on the 18<sup>th</sup> March, based in Shropshire, another highly popular event in the Championship and where entries will be in high demand. Other Championship points of note are:

- Final Championship results are based on a contender's Best 5 scores count from the 8 events. This will allow contenders plenty of choice in their selection of events to enter which best suits their budget, where they live and where needed to miss events for family and business reasons without reducing their scoring opportunities.
- Championship comprises of the best single venue hard surface events in the country organised by experienced and well established Clubs.
- The Championship is only open to Two Wheel Drive cars, which are still the most popular and economical formula of competition vehicles.
- Good spread of Classes [see below], based on cubic capacity, ensures close competition and against similarly powered cars.
- Points scoring system is only between registered contenders.
- There is no increase in registration fees in 2018, with a reduced registration fee of £50 for joint crew registrations, or £30 per individual.

### Provisional 2018 Championship Qualifying Events
