Organisers

All events included in the Championship MUST be of National B Status and run on hard surfaces. The number of qualifying events will be decided by the Championship Secretary. All clubs affiliated to the AWMMC are entitled to apply to the Secretary of the Association to have their event(s) included in the Championship for the following year.

A copy of the regulations for the event should be sent to the Secretary for the Championship and the AWMMC Eligibility Scrutineer as soon as they are published. A copy of the final entry list and a copy of the results MUST be sent within seven days of the event taking place.

All Championship contenders are asked to mark their entry form with their individual championship registration number, and organisers are requested to provide room for this on the entry form.

Regulations should be sent to all registered Championship contenders and a list of these will be available from the Championship Secretary.

The Class Structure for 2017 will be: -

Class1	Saloons under 1100cc under 11 feet in length
Class2	Saloons over 1100cc under 11 feet in length
Class3	Saloons any capacity 11 feet to 13 feet in length
Class4	Saloons any capacity over 13 feet in length
Class 5	Sports Cars
Class 6	Specials

If the organisers of any event included in the Championship use different class descriptions the Championship Secretary reserves the right to amend or alter as necessary for the benefit of class positions and awards etc. Classes may be amalgamated at the organisers discretion if less than three registrations per class are received.

Championship No: 85/2017

Competitors

The Championship is open to all fully paid up members of any Motor Club affiliated to the Association. A competitors registration fee of £7.00 per person is payable to the Association before points will be awarded.

A maximum of 10 events may be included in the 2017 Championship and only a competitor's best results from 70% of events will count towards final positions.

The classes will be defined as above. If a competitor changes class during the year the total number of points will be unaffected on an overall basis, but for class positions only points scored in one class may be used.

The Secretary reserves the right to amalgamate classes as necessary if the minimum registrations are not received.

Points will be awarded for all registered contenders as follows :-

Overall Championship Table

20 points for 1st place down to 2 points for 19th and remaining places. A retirement will be awarded 1 point, as defined in the MSA Regulations.

Class Table

10 points for 1st place down to 2 points for 9th and any remaining places. Retirements as above.

Ties will be decided on the most number of highest scores. In the event of a tie still existing the competitor with the highest score on the first scoring round will win,

Competitors will be required to carry Championship decals. These must be displayed on the competing vehicle before any points are awarded.

The Championship Secretary's decision as to the overall and class positions is final only after consultation with the Championship Stewards as necessary. No provision is made for protests.

Stewards for the Championship are listed in this year book. Competitors are reminded that their decision is final.

Association of West Midland Motor Clubs
Heart of England Rally Championship 2017
In association with DMack Tyres & Steve Blackham Motorsport

General Regulations

1. The Association of West Midland Motor Clubs [AWMMC] will organise a Regional Association Championship known as the “**Heart of England Rally Championship 2017**”.

The Heart of England Rally Championship 2017 hereinafter referred to as “the Championship” will be run in accordance with the General Regulations of the Motor Sports Association [MSA], [incorporating the provisions of the International Sporting Code of the FIA], these supplementary regulations, any written instructions issued by the Championship Secretary.

MSA Permit No: 58 / 2017

2. The Championship is open to fully paid up members of a Motor Club which is affiliated to the AWMMC. The registration fee is £50 per crew registering at the same time or £30 per individual registering separately. [Cheques are preferred made payable to the AWMMC].

Competitors must register on the official registration form.

Registration will open on the publication of these regulations and close at the conclusion of signing-on of Round Five.

A registered contender may compete with a non-registered competitor and still score points.

3. The Championship will be decided from the final points tables based on a competitors best 5 scores from the 8 qualifying rounds. This applies to both the overall positions and the classes. If through “force majeure” any of the qualifying rounds cannot take place then the AWMMC reserves the right to either include another event on the same date or to alter the number of best scores to count as follows.

8 events = 5 best scores ~ 7 events = 5 best scores ~ 6 events = 4 best scores ~ 5 events = 4 best scores.

If less than 5 events take place then the final positions will be based on the total number of events run. Qualifying events will be of National B status.

4. The allocation of Championship points will be based on the final results of the qualifying events. The provisional points will be published on the AWMMC website [www.awmmc.org.uk] as soon as possible after the event. Queries should be addressed to the Championship Secretary whose details are on page 4. Subject to no protests being received, these points will be come final 7 days after publication and no further alteration to the points can be made. Similarly, at the end of the year, the Championship points will become final 7 days after the provisional points are published on the website. Communication with registered competitors will be through email, website or other electronic means.

5. Any ties will be decided in favour of the competitor with the greatest number of maximum scores within their best 5 scores. In the event of a further tie the greatest number of second highest scores shall decide and so on. Should this fail to resolve the tie then reference will be made to the fastest time on the first stage of the last event in which both or all the competitors who have tied take part. If this fails to resolve the tie then joint awards will be presented.

6. The Championship is open to Two Wheel Drive cars only. All vehicles must comply with the 2017 MSA “Safety and Technical Regulations for Special Stage Rallies”.

7. Any vehicles used by registered contenders may be subject to random eligibility and capacity checks throughout the year. These checks will be carried out by the Championship Scrutineer and/or members of the MSA Technical Commission, who shall be considered Judges of Fact in matters of eligibility. In the event of a car being found ineligible for any reason, then the penalties specified in MSA Regulations [C:3.5.3] shall apply. The competitor will be responsible for any costs they incur as a result of eligibility checking, whether found eligible or otherwise.

The Championship organisers reserve the right to reclassify any vehicle if they consider it appropriate to do so.

8. Championship registration does not guarantee an entry on events. It is the responsibility of competitors to enter events in sufficient time. The AWMCC will not have any control over seeding as that is at the discretion of the event organisers.

9. Any query concerning these regulations or the running of the Championship must firstly be referred to the Championship Secretary. Any subsequent protest must be referred in writing to the AWMCC Panel of Stewards via the AWMCC Secretary within the time limits set out in the MSA Yearbook, together with the appropriate fee (Competition Fees Appendix 1). The AWMCC Panel of Stewards comprises any three from Barry Guess, Mike Sones, John Trevethick and Bob Milloy.

10. In the event of a variance between these Regulations and the AWMCC General Championship Rules, these Regulations take precedence. The Championship organisers reserve the right to grant waivers to disabled competitors.

11. Competitors must display the Championship decals as specified by the AWMCC from the start of every qualifying event. Decals must not be modified or altered. They can be trimmed where exceptionally necessary to fit the vehicle but this must be approved by the Championship Secretary and / or the Eligibility scrutineer. Championship decals must be fitted to each side of the vehicle. It is the competitors responsibility to ensure the decals remain on the car. Failure to display decals will result in both competitors forfeiting 50% of any points scored for their 1st offence. Where this results in a ½ point the points will be rounded down to a full point, e.g. 15 – 50% = 7½ and will therefore become 7. Subsequent failures to display decals will result in the loss of all points won on the event. However the event/s [when a crew fails to display decals] will still be counted in a competitors “best 5 events from 8” etc..

12. Once a competitor has registered for the Championship it is not possible to de-register. Even if the Championship decals are removed, either member of the crew may still be counted as an AWMCC registered competitor for the allocation of any points, subject to GR 11 above. Registered co-drivers accompanying non-registered drivers must notify the Championship Secretary before or at Signing On and display a minimum of two AWMCC decals on the car to be eligible to score points, or if failing to do so will be subject to penalty as per GR11 above. Points will not be reallocated to other registered contenders.

13. The Championship will be divided into 5 vehicle classes:

Class A – Up to 1400cc

Class B – 1401cc to 1600cc

Class C – 1601cc to 2000cc

Class D – 2001cc and over

Class E – Historic cars complying with eligibility requirements set out in R49 of the 2017 MSA Yearbook. All vehicles must have a Historic Rally Vehicle Identity Form (HRVIF) available for inspection. Category 3 and 4 cars must also present the appropriate homologation form or any other documentation listed in 2017 MSA Yearbook. b) Rotary engines will be considered equivalent to 4 valves per cylinder petrol engines in respect of the maximum engine capacity including the application of equivalency fact (a) above.

Permitted Fuels: Competitors are permitted to use fuel that conforms to the definitions of Pump Fuel in the 2017 MSA Yearbook or fuel that complies with FIA Appendix J, Article 252, Art 9. SOCIAL MEDIA POLICY

Purpose

In a society where Social Media is at the forefront of modern communication, this Policy is intended to provide Association of West Midland Motor Clubs and its members with some guiding principles on how to apply best practice and make appropriate decisions across Social Media platforms including (but not limited to) Facebook, Twitter, WhatsApp, Instagram, LinkedIn, Snapchat, Internet Forums, Chat Rooms and commenting on web articles. The Policy also aims to assist Association of West Midland Motor Clubs in building and engaging with communities of like-minded people.

Scope

This policy applies to Association of West Midland Motor Clubs Members. This policy covers all forms of social media and comes into practice where any reference towards the Association; including a traceable link back to Association through reference of Association name on your own personal profile; appears online. Social media includes, but is not limited to:

- Maintaining a profile page on social or business networking sites (such as LinkedIn, Facebook, Twitter, Instagram, MySpace etc.)
- Content sharing including Flickr (photo sharing) and YouTube (Video Sharing)
- Commenting on blogs
- Taking part in online votes and polls
- Taking part in conversations on public and private web forums (message boards)
- Editing a Wikipedia page

The intent of this policy is to include anything posted online where information is shared that might affect the MSA, members, sponsors or Association of West Midland Motor Clubs as an organisation and the reputation of the sport in general.

Guiding Principles

As referenced in the SMS Social Media Best Practice Guidelines:

- 1. Be aware of the difference between Public and Private Platforms**
- 2. Take responsibility for your content and be mindful as to how it may be perceived**
- 3. Be courteous and act with integrity**
- 4. Be aware of copyrighted material and comply with legislation**
- 5. Be safe!**

Usage

- Although not an exclusive list, some specific examples of prohibited social media conduct include referencing or posting commentary, content, or images that are abusive, obscene, discriminatory, defamatory, pornographic, proprietary, harassing, or that create a hostile environment
- Be aware that UK laws apply online (safeguarding, libel, slander and data protection laws)
- Appropriate permission should be sought to use third party's copyrights, copyrighted material, trademarks, service marks or other intellectual property
- Ensure any articles you quote/reference or websites you link to allow for the information to be shared
- You should read and comply with the terms of use of any Social Media platform you utilise
- You are personally responsible for the content you publish online. Be aware that items you publish may remain public even after deletion
- Don't discuss members, partner Organisations, suppliers etc. without their prior approval
- Always consider the privacy of others and avoid discussing topics that may be inflammatory e.g. politics and religion
- Avoid publishing your contact details where they can be accessed and used widely by people you did not intend to see them, and never publish anyone else's contact details
- Confidential information about the MSA, Club members or volunteers (which you do not have express authority to disseminate) should not be published online

Breach of Policy

It is the Association's responsibility to ensure that their members are made aware of the Best Practice Guidelines and Social Media Policy if they wish to protect the integrity of their Association's brand identity and image. Members should then be expected to take responsibility for their own actions whilst participating in Social Media and apply appropriate discretion in line with this Policy.

When in the reasonable opinion of the Association Committee that a member has posted content which has breached these Guidelines or is deemed to be unacceptable beyond reasonable doubt, the Association may permanently remove all content. The Association also withhold the right to remove and block offending participants from their Social Media platforms.

Association of West Midland Motor Clubs also withholds the right to dismiss any offending member from the Association; removing their membership without monetary reimbursement; should their online behaviour be deemed as gross misconduct by the Committee.
